

SBI Foundation's **project 'Gift Hope, Gift Life'**, in partnership with MOHAN Foundation aims at bridging the wide gap in the number of patients needing organ transplant and availability of organs. To spread awareness about organ donation, a road trip from Mumbai to London had been flagged off by Chairman, SBI to support the cause of Organ Donation beyond the boundaries of our motherland.

Presently, Mr Chilana who is leading the trip with his team and family members met the **Turkish Transplant Foundation team at Istanbul** and exchanged the ideas on raising awareness about organ donation. He and his team are driving through 14 countries, covering 23000 Kms and till date they have travelled through 9 countries, covering 16000kms. National Organ Donation and Transplantation teams of Nepal, Iran and Turkey have welcomed this initiative warmly. #SaveLife

Here are some of the pictures from the trip of Iran and Turkey:

Mr.&Mrs.Chilana meeting with the Turkish Transplant Foundation team in Turkey.

Meeting with the Team of Council of Tabriz, Iran.

Mr&Mrs.Chilana sharing their thoughts on Organ Donation with Imam of Tabriz, Mayor of Tabriz and Chief of the City Council of Tabriz, Iran.

Mr. Chilana meeting with the Rotary Club of Istanbul at Hotel Hilton Istanbul.
